CLAIMS

What is claimed is:

1.   A mailing wrapper, comprising a flat sheet of print media having delivery information and postage printed thereon.

2.   The wrapper of Claim 1, wherein the delivery information comprises a recipient address.

3.   A parcel, comprising an article enclosed in a wrapper, the wrapper comprising a flat sheet of print media having delivery information and postage printer thereon and folded around the article.

4.   The parcel of Claim 3, wherein the article is a printed document.

5.   A method, comprising simultaneously printing delivery information and postage on a sheet of print media.

6.   The method of Claim 5, wherein the act of printing comprises printing delivery information and postage on a flat sheet of print media.

7.   A method, comprising:
generating an electronic representation of a printed document;
generating an electronic representation of a wrapper to enclose the document, the wrapper including delivery information and postage;
computing the weight of a parcel including the wrapper enclosing the document based on the electronic representations of the wrapper and the document;
computing postage for the parcel;
printing the document; and
printing the wrapper.

8.   The method of Claim 7, further comprising wrapping the document in the wrapper.

1   9.   A computer useable medium having computer readable instructions

2   thereon for simultaneously printing delivery information and postage on a sheet of print

3   media.

1   10.   A computer useable medium having computer readable instructions

2   thereon for:

3   generating an electronic representation of a printed document;

4   generating an electronic representation of a wrapper to enclose the document,

5   the wrapper including delivery information and postage;

6   computing the weight of a parcel including the wrapper enclosing the document

7   based on the electronic representations of the wrapper and the document;

8   computing postage for the parcel;

9   printing the document; and

10   printing the wrapper.

1   11.   The medium of Claim 10 having further instructions thereon for wrapping

2   the document in the wrapper.

1   12.   Electronic data representing a flat sheet of print media having delivery

2   information and postage printed thereon.
